The Cappies (Critics and Awards Program) is an international program which was launched in FCPS. It recognizes, celebrates, and provides learning experiences for high school theater and journalism students, and teenage playwrights. At the end of the season, the critics who have reviewed five or more shows may vote for the Cappies award winners. In the National Capital Area, a Gala awards ceremony is held at the Kennedy Center in Washington D.C. every June. *https://www.fcps.edu/node/36129*
