## Introduction

This report provides Class of 2021 on-time graduation and dropout rates for the division, regions, and schools with a graduating class, offering comparisons to Class of 2019 and Class of 2020 outcomes. The report also provides information on the distribution of diploma types earned by the Class of 2021 by division, region, and school. At the division and region levels, graphs provide visualization of the three-year comparison for on-time graduation rates and diploma distribution.

Additional visualizations and outcome details, including state comparisons, may be found in the [Virginia School Quality Profiles](#), under the *College & Career Readiness* tab.

### Data Notes:

- **Graduation Rates:** Graduate outcomes reflect Virginia's on-time graduation rate (OGR), which counts students graduating with a state board-approved diploma within four years of entering ninth grade.
  - Virginia OGR calculations allow adjustments for students with disabilities (SWD) and English learners (ELs) who, under federal and state law, may take *longer than four years* to earn a diploma and still count as "on-time" graduates, using a process known as "sliding."
  - When looking at the calculated change ( $\Delta$ ) from 2019 to 2021 graduation rates, a **positive** value represents a gain in the graduation rate toward the goal of 100%. For example, a " $\Delta$  Grad Rate '19 to '21" value of 2.5 means improvement, whereas a value of -2.5 reflects regression.
- **Dropout Rates:** Dropout outcomes represent all non-graduate and non-completer students who have discontinued school, including students whose status is "unconfirmed" by the state.
  - When looking at the calculated change ( $\Delta$ ) from 2019 to 2021 dropout rates, a **negative** value represents a reduction in dropout rate toward the goal of 0%. For example, a " $\Delta$  Dropout Rate change '19 to '20" value of -1.5 means improvement, whereas a change of 1.5 reflects regression.
- **Diploma Types:** Diploma outcomes reflect all [state board-approved diplomas](#).
  - The *Modified Standard Diploma* is available only to certain students with disabilities who entered ninth grade for the first time in 2012-13 or prior. Because the number of students earning these diplomas in FCPS is so small (only one student in 2021, no students in 2020, and two students in 2019), Modified Standard Diplomas are combined with Standard Diplomas for this report.
  - The *Applied Studies Diploma* is available only to certain students with disabilities who meet the requirements of their individualized education program (IEP) and do not meet requirements of the Standard or Advanced Studies Diploma.
- **Student Groups:** For the purposes of state reporting:
  - The EL group combines current ELs eligible for English for Speakers of Other Languages (ESOL) services (levels 1-5) and former ELs in their first four years of monitoring (levels 6a-6d).
  - *Two or More* is also sometimes referred to as Multiple Races. This student group has exceeded five percent of Virginia's overall school population and is included in federal reporting under the Every Student Succeeds Act (ESSA).
- **Suppression:** Graduate and dropout data for student groups with a small number represented within the senior cohort (less than 10) are suppressed to protect personally identifiable information. An exception under the Family Educational Rights and Privacy Act (FERPA) allows small values to be reported when the student group's graduation rate is 100%.

### Data Sources:

Graduate, dropout, and diploma outcomes for all reporting groups are pulled from the Virginia Department of Education (VDOE) Single Sign-on for Web Systems (SSWS) 4-Year OGR Detail Reports as of September 30, 2021.

\* FCPS Full Division calculations include all 30 Fairfax County schools with a graduating class and represent the on-time graduation rates and dropout rates publicly reported by VDOE. The 30 reported schools include the division's 24 traditional high schools, Thomas Jefferson High regional governor's school, three (3) non-traditional high schools with state-approved alternative accreditation plans, and two (2) special education public day schools with state-approved alternative accreditation plans.

\* Fairfax County Adult High non-traditional school is not assigned to any FCPS region. Standard diplomas reported for Fairfax County Adult High School include adult diplomas, which are based on standard diploma requirements that were in effect the year in which the adult student first entered Virginia public schools and may predate the introduction of Standards of Learning (SOL) assessments and verified credit requirements. Entries of < reflect a cohort too small for public reporting. Entries of - indicate that no value is available (e.g., no students in the cohort or change cannot be calculated due to absent or suppressed data).
