Additional Requirements for the **Advanced Diploma:** Virtual Course*

Additional Requirements for the **Standard Diploma:** Virtual Course* and CTE Credential+

* Students shall successfully complete one virtual course, which may be a noncredit-bearing course or elective credit bearing course that is offered online.

+ Students shall earn a career and technical education credential approved by the Board that could include, but not be limited to, the successful completion of an industry certification, a state licensure examination, a national occupational competency assessment, or the Virginia Workplace Readiness Assessment.

Students who complete a CTE program sequence and pass an examination or occupational competency assessment in a CTE field that confers certification or an occupational competency credential from a recognized industry, or trade or professional association, or acquires a professional license in a CTE field from the Commonwealth of Virginia may substitute the certification, competency credential, or license for (i) the student selected verified credit and (ii) either a science or history and social science verified credit when the certification, license, or credential confers more than one verified credit. The examination or occupational competency assessment must be approved by the Board as an additional test to verify student achievement.

[^] A student may utilize additional SOL exams or may use tests for earning verified credit in computer science, technology, CTE, economics, or other areas as prescribed by the Board in 8 VAC 20-131-110.
