

NOTIFICATION OF TESTING
SOL Writing Assessments, End-of Course

Dear Parents or Guardians:

Your student will be taking the **Virginia Standards of Learning (SOL) End-of-Course Writing Test** between _____ and _____. Your student is required to earn verified credit in *Writing* to graduate with a standard or advanced studies diploma. The test has two components: multiple choice response and a short paper response. In order to obtain a score, your student must complete both components.

It is important that your student attend school on these days. If possible, please avoid scheduling trips or appointments that would take your student out of school during this time period. It is also important that your student have a good night's rest and a healthy breakfast before testing. If you become aware of an unavoidable conflict that could result in your student missing a testing day, please notify your student's school as soon as possible.

In most cases, SOL assessment results are available in the Student Information System (SIS) ParentVUE within about three months. If you have questions about SOL testing, please contact your student's school counselor or the assessment coach/school test coordinator at your student's school.
