

Connecting a SmartTV to a FCPS Laptop

Step 1: Search for “Display Settings” in Windows search box.

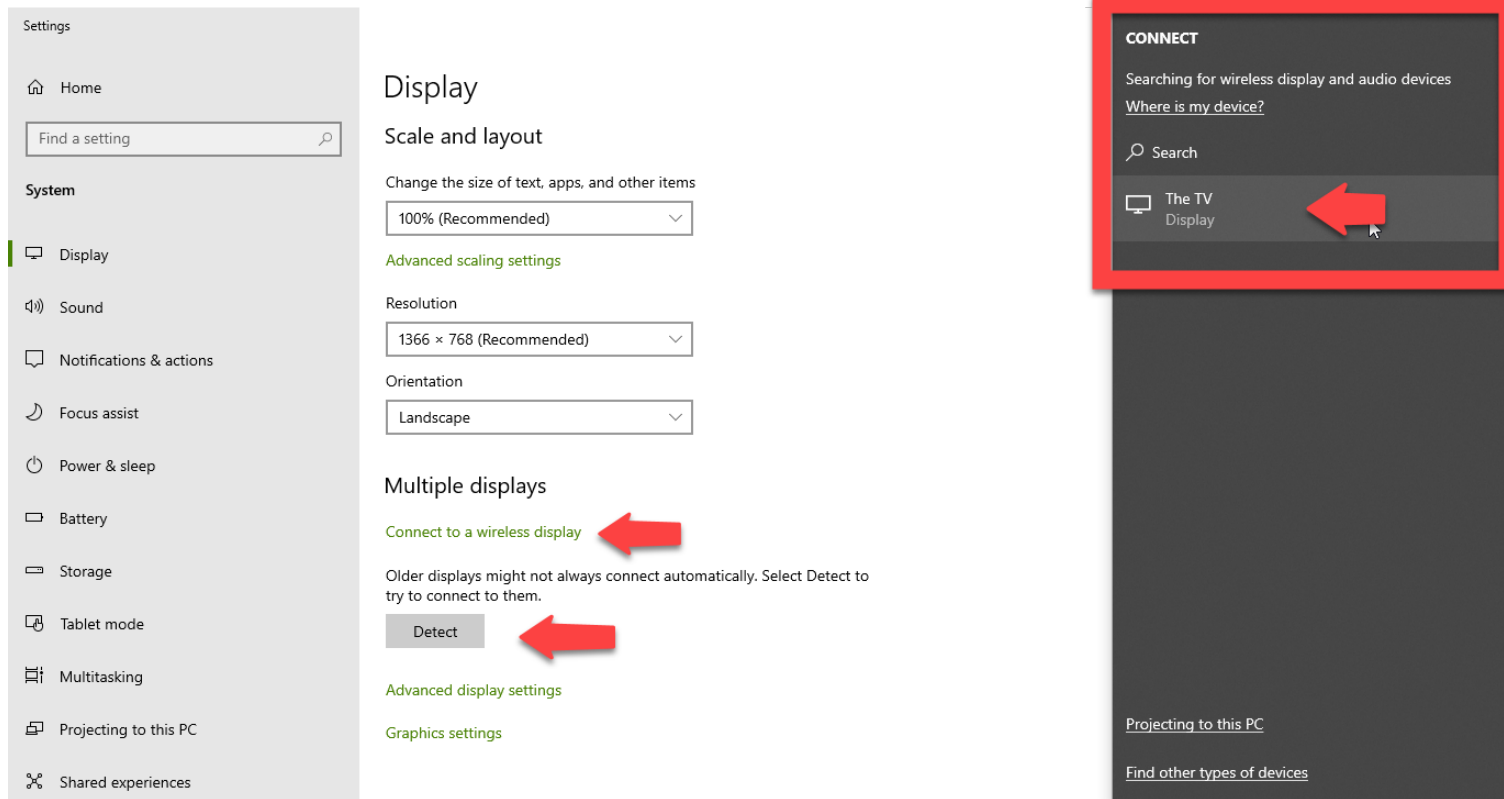

Step 2: Open “Display Settings” and scroll down to the bottom of the page where it says, “Multiple Displays.”

Step 3: You may have to select “Detect,” or you may be able to go straight to “Connect to a Wireless Display.”

A side panel on the right should appear with TVs available to connect. Select the desired device.

Step 4: On your TV, go to the input setting “screenshare.”

The computer screen should now be displayed on the TV.
