The modified lessons on Emotional and Social Health (ESH) are designed for students with low incidence disabilities as part of the Family Life Education (FLE) Program. There are three units within the modified curriculum for ESH – relationships, safety, and self, described below. Please note that not all lessons will be conducted each year. Please consult with your child’s special education teacher for specific lessons of instruction each year. If you wish to opt your child out of all or some of the modified Family Life Education lessons, please complete this form and return it to your child’s classroom teacher prior to FLE instruction. Additional information for lesson objectives and media descriptions is available at Middle School (7-8), High School (9-12). Lessons are available in FCPS 24/7 (Blackboard) Parent View.

PLEASE NOTE: You do not need to return this form unless you are opting your child out of all or some of the modified lessons for Emotional and Social Health.

CHILD’S NAME _________________________________ TEACHER __________________________

***Emotional and Social Health - Relationships Topics and Lesson Objectives***

I wish to opt my child out of the following lessons:

(Please check those lesson topics in which you do not want your child to take part.)

____ Lesson 1: Family
The student will identify the members of his or her own family.
The student will recognize that everyone is a member of a family and that a family is the first experience of community, which is made up of many families that are alike and different.
The student will develop an increased understanding of the roles, duties, and responsibilities of family members.

____ Lesson 2: The role of the family
The student will develop an increased understanding of the roles, duties, and responsibilities of family members.

____ Lesson 3: Responsibility
The student will become aware of the need to assume responsibility within the family, within groups, and within the larger community.
The student will develop an increased understanding of the roles, duties, and responsibilities of family members.

____ Lesson 4: Change in Families
The student will give examples of healthy coping strategies for dealing with the feelings produced by changes in the family.
The student will recognize that change is an inevitable part of life.
The student will identify grieving as a normal process which follows a loss.
**Lesson 5: Personal Space**
The student will realize that physical affection can be an expression of friendship, celebration, and love.

**Lesson 6: Friends**
The student will explore changes in peer relationships during adolescence.

**Lesson 7: Dating**
Students will become aware of basic dating skills.

**Lesson 8: Workplace Behaviors and Relationships**
Students will learn about getting along with others at work and appropriate workplace behaviors.

---
