PARENT INFORMATION ABOUT INHALER PROCEDURES

1. Nonessential medication will not be permitted in school during school hours or during school-sponsored activities or SACC. Any medication taken in school or at SACC must have the parent or guardian-signed authorization and physician order if required by regulation.
2. The parent or guardian is responsible for obtaining the physician's statement in part II.
3. A physician may use office stationery or a prescription pad in lieu of completing part II. Include the following information written in lay language with no abbreviations:
 - Name of student
 - Date of order
 - Duration of medication order and effective dates
 - Reason for medication or diagnosis
 - Name of medication
 - Exact dosage to be taken in school
 - Time to take medication and frequency or exact time interval dosage is to be administered
 - If medication is given on an as-needed basis, specify the exact conditions or symptoms when medication is to be taken and the time at which it may be given again. ("Repeat as necessary" is unacceptable.)
 - Symptoms, other medications the student is taking
 - Statement that the student may self-administer
 - Physician's signature
 - Date
4. Physician samples must be appropriately labeled by the physician to include information requested in item 3 above.
5. The parent or guardian is responsible for submitting a new form to the school or SACC at the start of the school year and each time there is a change in the dosage or in the time at which medication is to be taken. The first dose of any new medication shall be given at home.
6. Inhaler must be hand delivered to the school health room by the parent or guardian unless approved for the student to carry during school and SACC hours.
7. Medication kept in the school will be stored in a locked area accessible only to authorized personnel unless approved for the student to carry it during school hours. If a student carries his or her own inhaler, a backup may be kept in the school health room.
8. Within one week after expiration of the effective date on the physician order, or on the last day of school, the parent or guardian must personally collect any unused portion of the medication(s) unless the student has been authorized to carry them. Medications not claimed within that period will be destroyed.
9. In no case may any health worker or school or SACC staff member administer any medication outside the framework of the procedures outlined here and/or in FCPS regulation.
10. The parent/guardian must provide a supply of medication to FCPS and SACC for medication required to be administered during the school day and in SACC.
