

# **ACSD DSS Updates**

November 10, 2021

# VDOE State Performance Plan (SPP)

The Individuals with Disabilities Education Act (IDEA) requires each state to develop a state performance plan (SPP) that evaluates the state's efforts to implement the requirements and purposes of the IDEA and describes how the state will improve its implementation.

- The SPP includes how States will improve educational outcomes or results for students with disabilities on 17 components or **Indicators**.
- The SPP must be updated every six years.
- It is time for Virginia to update the SPP that will cover FFY 2020 - 2025 (Federal Fiscal Year).

# VDOE State Performance Plan (SPP)

- Improvement is measured based on Indicator “**targets**” that States set.
- Virginia must set new **targets**, as it updates the Plan.
- The ACSD, as a stakeholder, will assist in defining "success" in Virginia, as you recommend new **targets** for nine of the 17 Indicators.
- The 9 Indicators are: 1, 2, 3, 5, 6, 7, 8, 14, and 17.
- Your participant input regarding target-setting will be captured via a **survey** in which you are strongly encouraged to participate.

# VDOE State Performance Plan (SPP)

## Next Steps

- ACSD members will receive a link to the survey along with a link to a VDOE recorded presentation that explains in greater detail each of the indicators.
- ACSD members are encouraged to answer the survey questions in full or only in the areas where you would like to provide input.
- The survey window is open now through mid-December.
- ACSD members are encouraged to reach out to Mike Bloom, Director of Special Education Instruction and ACSD staff liaison, with any questions regarding the survey.
