Boomer Goes to School

1. Read [Boomer Goes to School](#) on [Tumblebooks](#).
2. How do you think Boomer felt about his day at school? Why do you think that?

3. What happens in the story that shows us how Boomer felt? This is our evidence!

- _____
- _____
- _____
- _____

Sentence Bank

I think _____ because _____.

I infer _____ because _____.

My prediction was right because _____.

4. Read another book on [Tumblebooks](#)

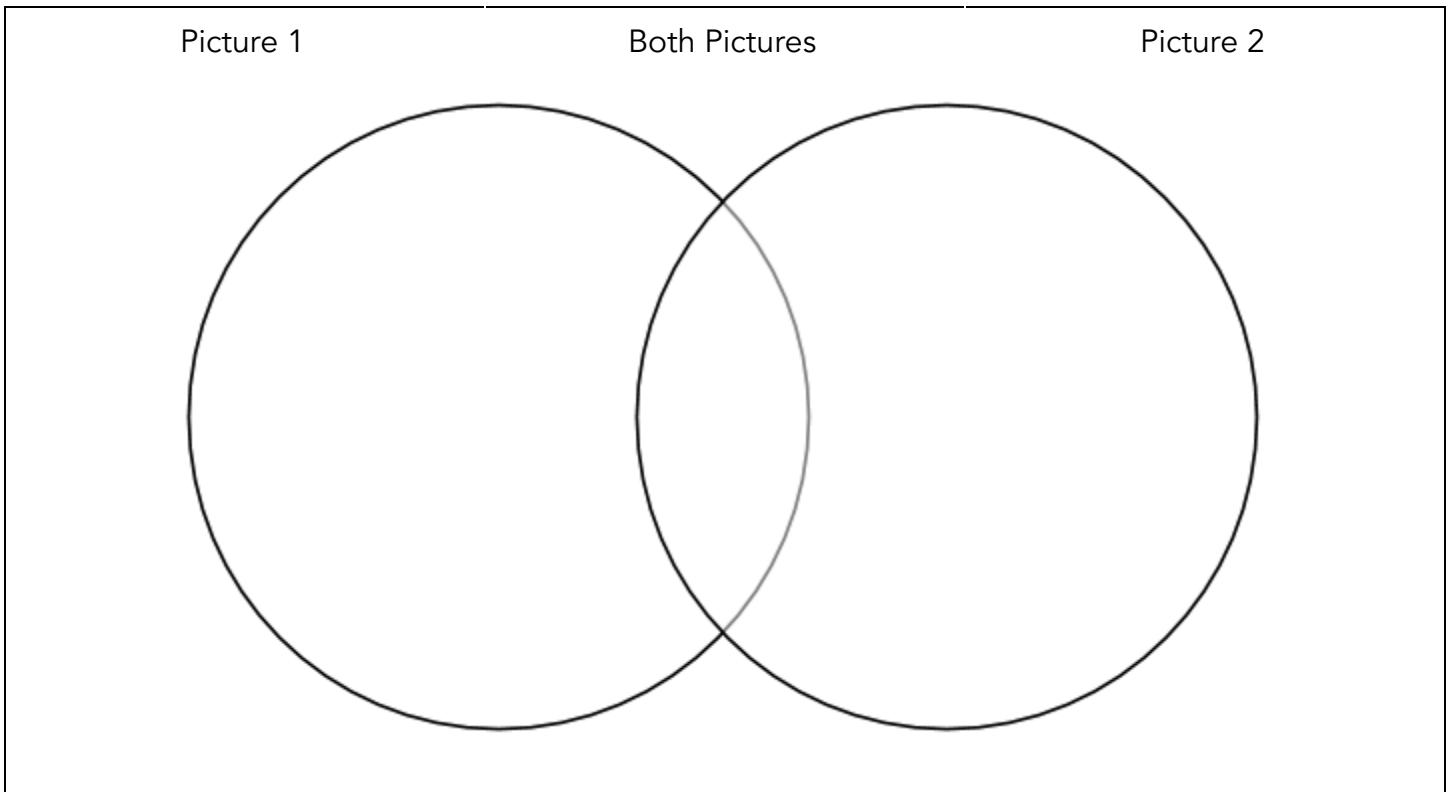

Compare and Contrast

Look at the two pictures. How are they the same? How are they different?

Source: [creative commons](#) [National Gallery of Art Images](#)

Use the Venn Diagram to describe what you see.

Write a description explaining how the pictures are similar and how they are different.

The _____ and _____ are similar because both have _____.

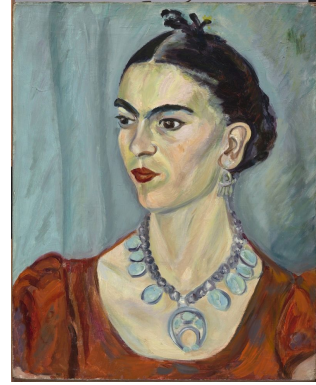

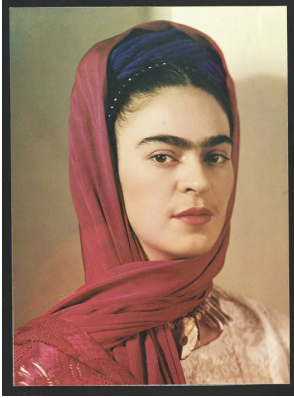

Another similarity is that both _____ and _____ have _____.

_____ and _____ are different because _____ has _____, but _____ has _____.

Another difference is that _____ has _____, but _____ has _____.

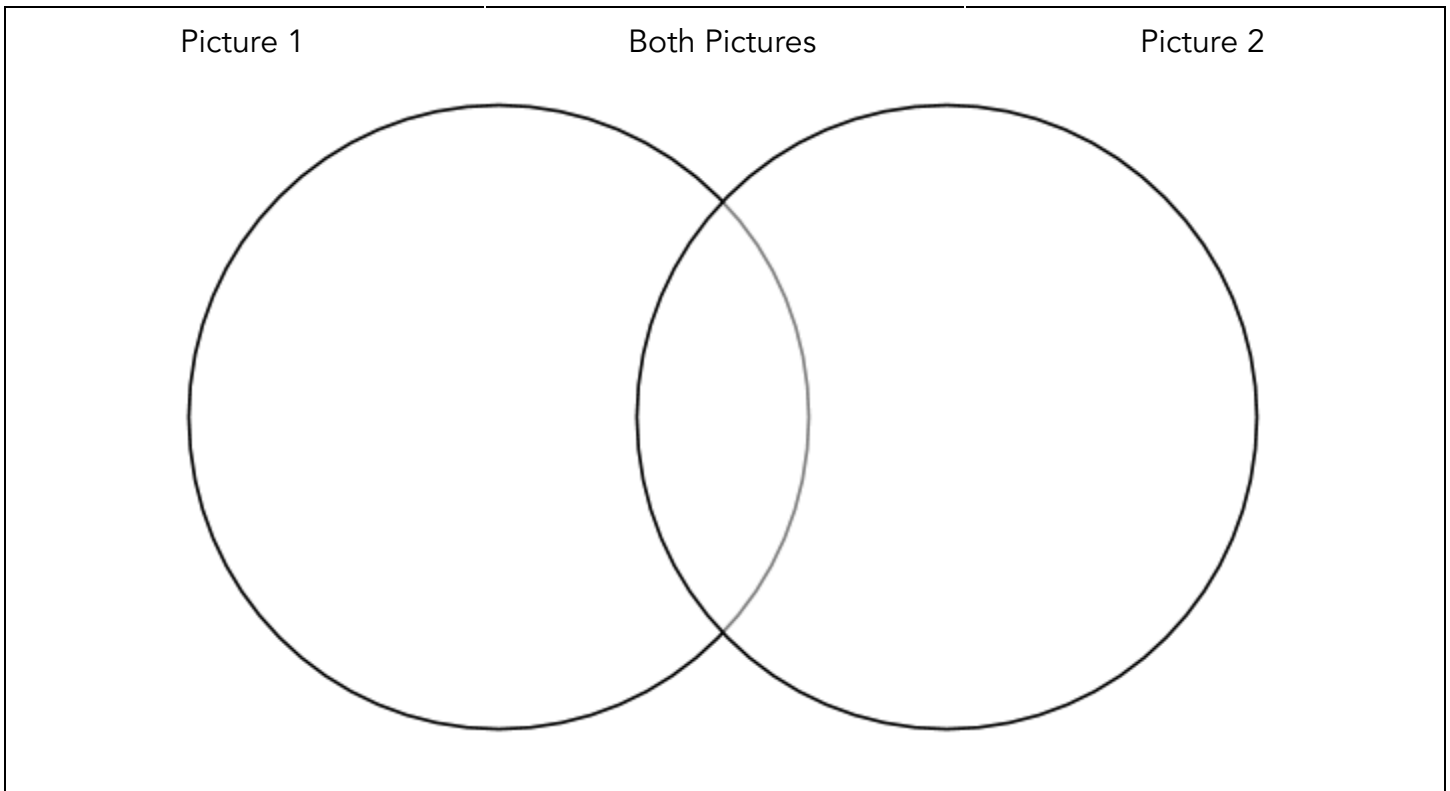

Compare and Contrast

Look at the two pictures. How are they the same? How are they different?

Source: <https://www.si.edu/openaccess>

Use the Venn Diagram to describe what you see.

Write a description explaining how the pictures are similar and how they are different.

The _____ and _____ are similar because both have _____.

Another similarity is that both _____ and _____ have _____.

_____ and _____ are different because _____ has _____, but _____ has _____.

Another difference is that _____ has _____, but _____ has _____.

Wash Your Hands

Read and listen to the book

[Wash Your Hands.](#)

Why do you think it is important to wash your hands?

1.

Picture

Sentence

How can you convince your friends to wash their hands?

Make an advertisement to teach other students about why they should wash their hands.

Compare and Contrast: Shark and Octopus

Learn all about Sharks on [National Geographic Kids](#).

Learn all about the Pacific Octopus

What are some facts you learned?

Analyze a Graph : What's Your Favorite Fruit?

Graph Source: Brainpop.com

Directions: Invite your child to look at the graph and talk about the answers to the questions.

1. What do you notice?
2. What does this graph show?
3. How many people voted for banana as a favorite fruit?
4. What fruit got the most votes?
5. What fruit got the fewest votes?
6. What is your favorite fruit?

Analyze a Graph: Favorite Subject

Directions: Lisa asked the students in her grade, "What is your favorite subject?" She wrote down their answers and made this graph. *Read the graph and answer the questions.*

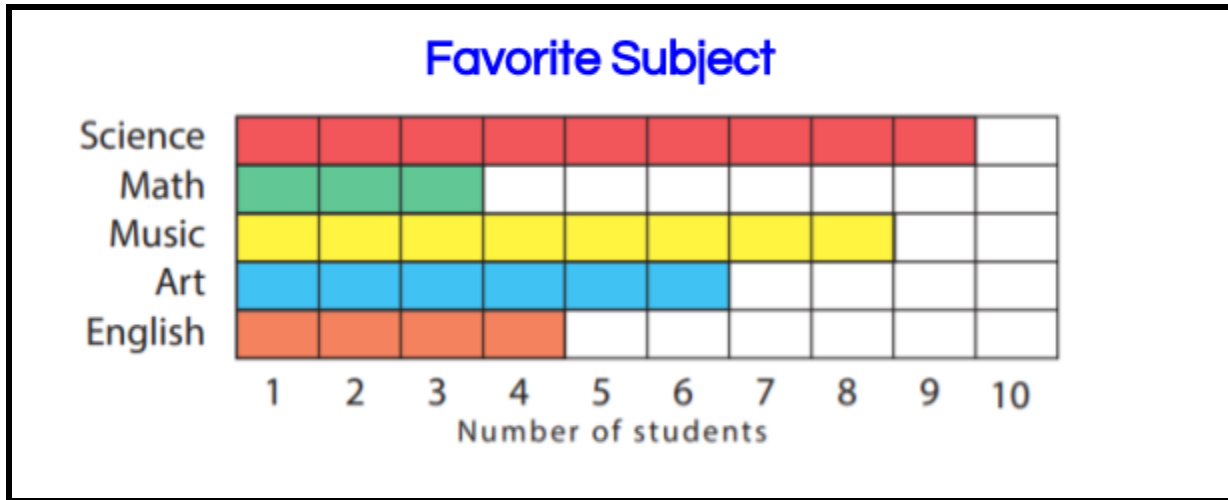

Image Source: www.education.com

1. How many students chose **English** as their favorite subject? _____
2. How many students picked **art** as their favorite subjects? _____
3. What subject was chosen **most** often? _____
4. What subject was chosen least often? _____
5. How many students answered the question all together? _____
6. Connection: My favorite subject is _____ because

Sequencing

Directions: Go to [Tumblebooklibrary.com](https://www.tumblebooklibrary.com).

Log in.

In the search bar type *Louise, the Adventures of a Chicken*.

Click on Play Video

Enjoy the story of *Louise, The Adventures of a Chicken*

Complete the storyboard using words and pictures to help you retell this exciting story.

You can use the sentence starters and the words below to describe what is happening in each stage of the story.

First... or In the beginning....

Then...

Next...

Afterwards... or At the end..

Tarantula Spiders

Based on text from EnchantedLearning.com

Where Do Tarantulas Live?

Tarantulas are large, hairy spiders. They live in warm places. Tarantulas live on the continents of South America, Africa, and Australia. The largest number of tarantulas live in South America. Some tarantulas live under the ground and some live in trees. Some live in deserts and some live in rainforests.

What Do Tarantulas Look Like?

Tarantulas are hairy. Their body has two parts. They have eight legs and poison in their teeth. The biggest tarantula in the world is 13 inches wide! Some tarantulas can live for 30 years.

What Do Tarantulas Eat?

Tarantulas eat insects like grasshoppers and beetles. They also eat lizards, snakes, and frogs. Some tarantulas even eat birds!

1. **Look at the graphic organizer on the next page.**
2. **Put words or a picture in each box that shows what you learned about tarantulas.**
3. **Now write at least 3 sentences about starfish on the lines below.**

Summarize: Starfish

Taken from EnchantedLearning.com

Where Starfish Live

Starfish are animals that live in the ocean. They live in almost every ocean in the world.

What Starfish Look Like

Starfish have five arms and look like stars with five points. They have hundreds of little feet on their back! These little feet help them swim quickly in the ocean. Starfish do not have brains. Instead, they have a string of nerves that sends information through their bodies. If the starfish's arm gets cut off, it will grow back by itself.

What Starfish Eat

Starfish eat meat. Animals that eat meat are called carnivores. They like to eat clams, oysters, coral, fish and other animals too.

1. Look at the graphic organizer on the next page.
2. Put words or a picture in each box that shows what you learned about starfish.
3. Now write at least 3 sentences about starfish on the lines below.
