A note on transcriptions:

A line-by-line transcription has been prepared to preserve the integrity and style of the original writing. Modern usages of punctuation and capitalization have been added for the sake of readability. Names of schools and places were written without uniformity, either through clerk error or because the names changed over time. This transcription has adopted the spellings of Ashford, Belle Aire, Lorton Valley, Pohick, and Wakefield Chapel, spellings which may not match the original writing in every instance but will assist researchers by providing standardization of spelling. Shorthand symbols, unconventional abbreviations, and the various notations of money have been unaltered and preserved, and names, many in abbreviated form as was the fashion of the time period, have been transcribed as they appear with only the addition of necessary punctuation for consistency.

Record of Meetings
of Lee District
School Board
From July 25th 1904

Burkes is shorthand for Burke's Station, a name used for both the railroad station part of the Orange and Alexandria Railroad and the community surrounding the post office bearing the same name. The name of the post office changed in 1903 to Burke. Both Burkes and Burke are seen throughout the original text and have been preserved in this transcription.
