

Nonfiction Writing K-2

Writers make nonfiction books to teach information about a topic they know a lot about.

- List topics you know a lot about.
 - What activities do you do? (examples: playing soccer, making slime, riding a bike)
 - What topics do you know about? (examples: dogs, dinosaurs, seasons)
 - What things do you like? (Pokemon, babies, candy)
- Select a topic you want to write about.
- Plan: What do I want to teach my readers about this topic? You might even make a table of contents to help yourself plan.
- Write a book that teaches about the topic.
