

# [ TRICKED ] **TRICKED:** Inside the World of Teen Sex Trafficking

Every day, thousands of teenagers from every walk of life — every culture and economic status — are forced into the world of sex trafficking. In the 1-hour program, we take a look at how teens are scouted, manipulated, and trapped in what has become a 9.8 billion dollar underground industry. From the mall to the bus stop to the school hallways, our students are being tricked, recruited, and threatened into having sex for money.

*Tricked* will help students understand and spot the scouting and manipulating techniques that are commonly used by traffickers. Using testimony from survivors of sex trafficking, as well as insider information from a former trafficker, we talk about how to avoid susceptible behaviors. We also provide insights on how to get help if students or their friends get trapped in this terrible situation.
