PREQUALIFICATION PROCESS

1. PREQUALIFICATION

Applicants shall submit prequalification information in accordance with the requirements identified herein. Fairfax County Public Schools (FCPS) may, at their sole discretion, contact one or more Applicants during the evaluation process for clarification of any entries in the Prequalification Application submitted by the Applicant and may request additional information. Such additional information must be submitted to the FCPS no later than five (5) business days after the request. The decision to prequalify an Applicant shall not, however, constitute a determination that the Applicant is responsible, and such Applicant may be subsequently rejected as non-responsible on the basis of subsequently discovered information.

The director of the Fairfax County Public Schools Office of Design and Construction Services or the responsible FCPS director shall have the authority to make all decisions regarding the prequalification of contractors, and may deny prequalification to any Applicant if the responsible FCPS director finds any of the following:

- A. The Applicant does not have sufficient financial ability to perform construction projects because no evidence is provided that the company can acquire a surety bond from a corporation included on the United States Treasury list of acceptable surety corporations (http://www.fms.treas.gov/c570/c570_a-z.html) in the amount and type require by the School Board for the specific project or type of project for which prequalification is sought.
- B. The Applicant does not have the appropriate experience to perform synthetic turf field installation Projects, as determined by FCPS. Previous, successful experience working on projects of similar scope and/or similar phase synthetic turf field installations of similar scope will be a major factor in determining whether the Applicant is satisfactory in this regard.
- C. The Applicant or any officer, director, or Owner thereof has had judgments entered against him/her within the past ten years for the breach of contracts for governmental or nongovernmental Projects, including, but not limited to, design-build or construction management.
- D. The Applicant has been in substantial noncompliance, as determined by FCPS, with the terms and conditions of prior synthetic turf installation contracts with FCPS without good cause. If FCPS has not contracted with the Applicant in any prior synthetic turf installation contracts, FCPS may deny prequalification if the Applicant has been in substantial noncompliance with the terms and conditions of comparable synthetic turf installation contracts with another public body without good cause.
- E. The Applicant or any officer, director, Owner, project manager, procurement manager or chief financial official thereof been convicted within the past ten (10) years of a crime related to governmental or non-governmental construction or contracting, including, but not limited to, a violation of (i) Article 6 (§ 2.2-4367 et seq.) of this chapter, (ii) the Virginia Governmental Frauds Act (§ 18.2-498.1 et

seq.), (iii) (iii) Chapter 4.2 (§ 59.1-68.6 et seq.) of Title 59.1, or (vi) any substantially similar law of the United States or another state?

- F. The Applicant or any officer, director or Owner thereof is currently debarred pursuant to an established debarment procedure from bidding or contracting by any public body, agency of another state or agency of the federal government;
- G. The Applicant failed to provide to FCPS within the established time frame, any information requested in which is relevant to items 1 through 6 above.

The Owner will determine whether Applicants are qualified to bid on Projects. The Owner will notify all Applicants whether or not they have been determined to be qualified to bid within 60 days after the deadline for receipt of the Prequalification Application, unless extended by the Owner in its sole discretion. In any event, the Owner will notify all Applicants of its determination with respect to their prequalification applications at least 30 days prior to the date established for the submission of bids pursuant to the procurement process.

Applications will be evaluated in accordance with the criteria listed in the Prequalification Application. An unsatisfactory rating in any one category may be considered sufficient cause to determine that an Applicant is not qualified.

Prior to the issuance of a written determination of not qualified to bid, the Owner will notify the Applicant in writing of the results of the evaluation and disclose the basis thereof. Upon written request, the Applicant may inspect public documents, which relate to the determination, if so requested by the Applicant within **five (5) business days** after receipt of the Owner's notice

Within **ten (10) business days** after receipt of the preliminary notice, the Applicant may submit rebuttal information challenging the evaluations. The director of FCPS' Office of Design and Construction, or designee, shall issue his determination of prequalification or of disqualification based on all information in the possession of FCPS, including the Applicant's rebuttal information, if any. Such determination shall be issued within **five (5) business days** after receipt of Applicant's rebuttal information, or if Applicant does not submit such, within **five (5) business days** after the deadline by which such rebuttal information should have been submitted.

If determined not qualified to bid, the Applicant may, within ten (10) days after notification of such determination, notify the Owner, in writing and appeal to the Circuit Court of Fairfax County, Virginia, in accordance with the pertinent provisions of the Virginia Public Procurement Act, Va. Code 2.2-4300. The Owner's determination of "not qualified to bid" may be reversed by the Circuit Court only if the Applicant establishes that the determination was arbitrary or capricious or not in accordance with the Constitution of Virginia, statues or regulations. Failure to notify the Owner and to file an appeal with the Circuit Court within the specified time will result in a waiver of all rights to appeal. In the event that the Owner's determination is reversed by the Circuit Court, the sole relief will be the declaration of the Applicant as "qualified to bid." Other than an appeal in accordance with this Section, a determination that an Applicant is "not qualified to bid" shall not be the basis for any claim against the Owner, its officers, members or employees.

KNOW ALL MEN BY THESE PRESENTS, that we, _____
of _____ (hereinafter called the "Principal", and
_____, a corporation organized and existing under the laws of the State
of _____, with its principal office in the City of _____ and authorized to
transact business in the Commonwealth of Virginia as a surety (hereinafter called the "Surety"),
are held and firmly bound unto the SCHOOL BOARD OF FAIRFAX COUNTY, VIRGINIA
(hereinafter called the "Obligee") in the penal sum of
Dollars (\$ _____) lawful money of the United States of America for the payment
of which well and truly to be made, the Principal and the Surety bind themselves, their heirs,
executors, administrators, successors, and assigns, jointly and severally and firmly by these
presents.

WHEREAS, the Principal has entered into a certain written agreement with the Obligee,
dated as of the _____ day of _____, 2000,
(hereinafter called the "Contract"), for _____, which
Contract is by reference made a part hereof;

WHEREAS, the Principal is obligated to furnish security with respect to its obligation to
perform the work to be performed under the Contract; and

WHEREAS, The Principal desires to furnish this Performance Bond in lieu of a certified
check or cash escrow otherwise required to be provided to the Obligee.

NOW THEREFORE, THE CONDITIONS OF THE ABOVE OBLIGATIONS ARE SUCH
THAT, if the Principal and its successors or assigns, or any of them shall:

Well and truly and in good sufficient and workmanlike manner perform or cause to be
performed the Contract, and each and every of the covenants, promises, agreements,
warranties, and provisions to be performed by the Principal set forth therein, in strict
conformity with the plans and specifications, and complete the same within the time
period specified therein, all as may be amended from time to time by the parties thereto,
and fully indemnify and save harmless the Obligee from all costs and damages which it
may suffer by reason of the Principal's failure to do so and fully reimburse and repay the
Obligee all costs and expenses which it may incur in making good any such default, then
these obligations shall be null and void, otherwise they shall remain in full force and
effect.

PROVIDED, HOWEVER, that this bond is subject to the following conditions and limitations:

- (a) In no event shall the Surety, or its successors or assigns be liable for a greater sum than the penalty of this bond.
- (b) No action on this bond shall be brought unless within one year after (i) completion of the Contract, including the expiration of all warranties and guarantees, or (ii) discovery of the defect or breach of warranty, if the action be for such, in all other cases.
- (c) The Surety, for value received, on behalf of itself and its successors and assigns hereby stipulates and agrees that the obligations of the Surety or its successors and assigns under this bond shall not in any manner be impaired or affected by (a) any extension of time, modification, omission, addition or amendment of or to the Contract or the work to be performed thereunder; (b) any payment thereunder before the time required therein; (c) any waiver of any provision thereof; or (d) any assignment, subletting or other transfer of all or of any part thereof or of any work to be performed or of any moneys due or to become due thereunder; and the Surety, for itself and its successors and assigns, does hereby waive any right to receive notice of any and all of such extensions, modifications, omissions, additions, amendments, payments, waivers, assignments, subcontracts and transfers.

The Surety hereby stipulates and agrees that in the event that the Obligee declares the Principal to be in default the Surety will promptly at the Obligee's election: (a) perform and complete the work to be performed under the Contract in accordance with the terms, conditions and covenants set forth therein; (b) obtain bids from qualified contractors for completing the work to be performed under the Contract in accordance with the terms, conditions and covenants set forth therein and, upon determination by the Obligee and the Surety of the lowest responsible and responsible bidder, (i) arrange for a contract between such bidder and the Obligee and (ii) make funds available directly to the Obligee, or to such contractor(s) as the Obligee shall designate, to pay the costs of completion less the balance of the contract price as such may have been adjusted by change order (such amount, including other costs and damages for which the Surety may be liable hereunder, not to exceed the penal sum set forth in the first paragraph hereof); or (c) remedy the default. As employed herein, the phrase "balance of the contract price" shall mean the total amount payable by the Obligee to the Principal under the Contract after all proper adjustments have been made, less the aggregate of all amounts paid by the Obligee to the Principal thereunder. All payments to be made by the Surety hereunder shall be paid within thirty (30) days after the Surety's receipt of a request or demand therefor.

The Obligee's omission to call upon the Surety in any instance shall in no event release the Surety from any obligation hereunder.
