- 2022-23 Annual Notice of Survey, Records, Curriculum, Privacy, and Related Rights (pp. 2-5)
- 2022-23 Opt-Out Choices (pp. 3-11)
- 2022-23 Opt-Out Forms:
 - Objection to Release of Directory Information to the Public (p. 13-14)
 - School Counseling Opt-Out Form (p. 15)
 - Objection to Release of Information to Outside Organizations (p. 16)
 - Online Tutoring Services provided by Tutor.com (p. 17)
 - Social and Emotional Learning (SEL) Screener (p. 18)

Who Should Read This Booklet?

All parents and guardians should review this booklet to understand their rights and responsibilities. Parents with children at different grade levels should read each applicable version of the booklet (K-8, 9-12) because the notices and opt-out rights vary depending on grade level.

Who Should Sign the Included Opt-Out Forms?

Any parent or guardian **who objects** to his or her child's participation in any or all of the following activities should complete and **return the appropriate form(s) to their child's school**.

- Release of information about the student for the school yearbook and other school-related publications.
- Release of directory information about the student to persons and organizations outside FCPS.
- Use of the student's image, voice, or name in film, video, website, social media or broadcast events.
- Student participation in the school counseling program.
- Release of information to outside organizations.
- Student participation in the Library Equity Access Pass Project, online tutoring services and the SEL Screener.

2022-23 Annual Notice of Survey, Records, Curriculum, Privacy, and Related Rights

Parental Rights

The Family Educational Rights and Privacy Act (FERPA), 20 USC §1232g, 34 CFR Part 99; Protection of Pupil Rights Amendment, 20 USC § 1232h, 34 CFR Part 98; Elementary and Secondary Education Act, 20 USC §§ 7165, 7908, and 10 USC § 503 provide certain notice, inspection, and participation rights to parents, students who are over age 18, and emancipated minors. This booklet provides you with information about those rights.

This booklet includes opt-out forms that you should submit to your child's school principal if you do not want your student to participate in a given activity. **If you have no objection to the activities described in this booklet, DO NOT sign or submit any of the forms.**

Virtual Instruction

If emergency circumstances require it, students may participate in virtual instruction during the 2022-23 school year. If that occurs, teachers may, but are not required to, record lectures and other instructional activities. If you do not wish for your student's face to be recorded in the virtual classroom, you will need to shut off the camera during the class period. Students should be reminded not share any information that they do not wish to have recorded in class. Classroom recordings will be not accessible for downloading or copying.

Surveys

Consent to Surveys: You have the right to consent before your student participates in any federally-funded survey asking about any of the following: political affiliation or belief of the student or parent; mental or psychological problems of the student or student's family; sexual behavior or attitudes; illegal, anti-social, self-incriminating, or demeaning behavior; critical appraisals of others with whom respondents have close family relationships; legally recognized privileged relationships, such as with lawyers, doctors, or ministers; religious practices, affiliations, or beliefs of the student or student's parent; and income (other than is required by law to determine program eligibility).

Opt-Out Rights: You have the right to opt your student out of participation in any survey, regardless of funding source, that requests information about the topics listed above or that requests medical information, information on student health risk behaviors related to alcohol, tobacco or illegal drugs, other information on controlled substance use, or any other information that the School Board deems to be sensitive in nature.

Notice and Rights to Survey Inspection: FCPS will provide you with written notice, at least 30 days in advance, of any survey that may be administered to your child that addresses any of the subjects discussed above. You also may inspect the survey and any instructional materials used in connection with the survey.

Instructional Materials

Inspection of Instructional Materials: You have the right to inspect any instructional materials used as part of the educational curriculum. The current versions of FCPS Policies and Regulations 3002-3011 (posted on the FCPS website at www.fcps.edu) provide more detail about instructional materials. You may ask your child's principal to inspect instructional materials.

Physical Examinations

Federal law requires that parents be permitted to opt the student out of certain physical examinations if the examinations are not authorized by state law. Except in emergencies, FCPS does not require any physical examinations that are not authorized by state law. Consequently, this booklet does not provide an opt-out form for physical examinations.

Student Records

Inspection of Student Records: You have the right to inspect and copy scholastic records relating to your student within 45 days of the school's receipt of your request. You should submit a request, identifying the records you want to inspect, to your student's principal. The principal will notify you of the time and place at which records may be inspected. You may be charged a fee if you request copies.

Amendment of Student Records: You have the right to request an amendment of any scholastic records that you believe are inaccurate, misleading, or otherwise in violation of your child's privacy rights. You should write the school principal, clearly identify the part of the record you want to have changed, and specify why it is inaccurate, is misleading, or violates your child's privacy. If FCPS decides not to amend the record as requested, FCPS will notify you, advise you of your right to a hearing regarding the amendment request, and provide additional information regarding the hearing procedures.

Maintenance and Retention of Student Records: Student scholastic records are maintained in accordance with retention schedules established by the current versions of Policy 6470 and the FCPS Records Management Manual. Parents of students who are or have been enrolled in a special education program should be aware that special education records will be maintained for five years after the student graduates, completes a Virginia Board of Education program, transfers, or withdraws from school, whichever comes first. After five years, these records will be destroyed. Because information from such records may be needed by the student or the parents for Social Security or other benefits, parents should plan accordingly to request copies of any needed records.

Release of Student Information to Outside Organizations: FCPS collects personal information on students identified as directory information and discloses this information to businesses selected by FCPS to provide school-based products or services to FCPS or its students. These student-based products or services include enrollment, yearbook, and school photography services. **If you do not want your child's personal information disclosed for such purposes to outside organizations, complete the opt-out form on page 14.** Your selection applies only to the 2022-23 school year. If, however, your child

withdraws or graduates from FCPS, FCPS will continue to honor the last opt-out selection you made while your child attended FCPS unless you notify FCPS that your choice is rescinded.

Disclosure of Student Records: You have the right to consent before FCPS discloses personally identifiable information from your student's scholastic records, unless federal law or state law specifically authorizes release without consent. Student records are released without parental consent only in accordance with the provisions of FERPA and the current versions of Policy 2701 and Regulation 2701. The FCPS Management of Student Scholastic Record Manual and the current version of Regulation 2601 (Student Rights and Responsibilities [SR&R] booklet) provide more detail about student record policies.

Please note that consent is not required for disclosures to school officials with legitimate educational interests. A school official is a person employed by FCPS such as an administrator, a supervisor, an instructor, or a support staff member (including school education and resource officers, school nurses, clinic room aides, and other Health Department personnel providing services to students as part of the school program); a person serving on the School Board; a person, organization, or company with whom FCPS has contracted to perform a special task (such as an attorney, an auditor, a medical consultant, or a therapist); or a volunteer serving on an official committee or helping another school official perform his or her tasks. "Legitimate educational interest" means the need to review the record in order to fulfill a professional responsibility.

Consent also is not required to release education records to officials of another school or school division if your child enrolls there or seeks or intends to enroll there. FCPS forwards such records at the request of the other school or school division. Parents with questions about FCPS' student records procedures should contact the office of the regional assistant superintendent responsible for your child's school. Contact information for the regional assistant superintendents can be found at www.fcps.edu.

FCPS Student Identification Numbers: FCPS does not disclose to the public the identification numbers it assigns to students (FCPS student ID). FCPS student IDs are used only by FCPS to manage students' scholastic records and to allow students to access certain FCPS electronic systems when used in conjunction with passwords in combinations unique to each student. Certain instructional applications, however, such as Google Apps For Education, provide a directory listing of individual usernames that are available to all other FCPS students using the application. The purpose of the directory is to allow the students to contact each other, within the application, to work together on class projects. This username is your child's FCPS student ID. If you do not want your child's FCPS student ID to be published in these applications' online directories, complete the Opt-Out form on page 11 and check either the Comprehensive Opt-Out Option, which will prevent the disclosure of any information about your child as directory information, including student yearbooks and graduation programs, or, Choice D, which will opt out only of inclusion of his or her FCPS student ID in online directories for instructional applications. Neither choice exempts your child from being required to log into essential instructional

applications using his or her FCPS student ID or to participate in online class projects with members of his or her own class.

Please note that the FCPS student ID, by itself, cannot be used to gain access to scholastic records except when used in conjunction with one or more factors that authenticate the user's identity (such as a password or verification by staff that the person accessing the records is authorized to have them). Unlike Social Security numbers, the FCPS student ID is not used by other institutions that may impact the student's personal, social, medical, or financial records.

Student Photographs and Video Images: Your child may be photographed or video recorded by FCPS staff members or by vendors working for FCPS for use within FCPS for FCPS education-related activities, including but not limited to, student identification pictures or video recordings of classroom activity used for teacher training or student evaluation purposes. In addition to these internal uses, FCPS may disclose photographs of your child to the public as directory information for such uses as school yearbooks. FCPS also may disclose your child's image, name or voice in FCPS photographic productions or other FCPS-sponsored publicity, including social media.

If you select the Comprehensive Opt-Out Option, any photograph or video recording featuring your child that is maintained by FCPS will not be released outside of FCPS unless you have provided written consent or the release is otherwise authorized by federal or state law. Photographs or videos of students captured in the virtual classroom will not be subject to this opt-out. However, such virtual classroom videos will only be made available to other students in the classroom for the purpose of viewing a lesson asynchronously. If you choose this option, your child's photograph will not appear in the school yearbook.

If you select choice C, your child's image, name, and voice will not be used in FCPS photographic productions or other FCPS-sponsored publicity. Your child will be included in the school yearbook.

Please note that the Comprehensive Opt-Out Option and choice C apply to limiting FCPS disclosure of photos featuring your child that are maintained by FCPS. Neither Opt Out prohibits FCPS from creating photographs or videotapes when it has an educational or business need to do so. Please also note that FCPS does not control the disclosure or use of photographs or video taken by participants at events that are open to parents, community members, and/or the media. These activities and events include, but are not limited to, school performances, graduation and awards ceremonies, class parties, and athletic events. To the extent that FCPS controls media access during school hours, it will deny the media access to photograph, video record, or broadcast likenesses of any student whose parents have selected the Comprehensive Opt-Out Option or choice C.

Directory Information

Federal law permits the disclosure of directory information from a student's record without the parent's prior written consent—unless the parent has opted out of such disclosure.

Directory information is routine information that is generally not considered harmful to disclose. Consequently, unless you have opted out, this kind of information may be included in school publications and disclosed to outside requesters. **FCPS defines directory information as including (but not limited to):**

- Name, including nickname.
- Participation in officially recognized activities and sports.
- Height and weight, if a member of an athletic team.
- Attendance record.
- Degrees, awards, and honors.
- School and grade.
- Photographs and other images.
- Name of parent or guardian or individual with whom student lives.
- Birth date.
- Parent e-mail address(es) (for limited purposes only – see below).
- Student's identification (ID) number (Student ID numbers will be released as directory information only for purposes outlined in this booklet).

Please note that, in certain situations, federal and state laws may permit or require the disclosure of the information listed above to authorized persons or entities **even if you have opted out of its disclosure** as directory information. For example, state and federal laws authorize disclosures without parent consent to the U.S. and Virginia Departments of Education to allow those agencies to evaluate FCPS compliance with program requirements.

Please also note that FCPS may require a student to wear, to display publicly, or to disclose a student ID card or badge that exhibits information that has been designated as directory information in this notice - either in person or in virtual learning settings - and this use is not exempted through directory information opt out.

Public disclosure of directory information may be made in various ways. The information items designated as directory information may be provided to requesters outside FCPS, for example, the media, school-related organizations such as PTAs and booster organizations, and state and county agencies. Directory information also may be included in FCPS publications that frequently are made available to the public, such as:

- School yearbooks (photos).
- Team rosters and class lists.
- Graduation, theater, athletic, and music programs.
- Photographs and videos of performances, school activities, and athletic events.
- Articles about school activities and athletic events.

- Lists of those receiving honors, awards, and scholarships. PTAs and booster organizations should be mindful of families' privacy concerns and are encouraged to ensure that family membership and/or participation is not conditioned upon a family's disclosure of information such as address, email, and phone number.

Please note that directory information items that FCPS has designated as "for limited purposes" may be disclosed only to certain identified organizations within the community; if you opt out of the disclosure, the information will not be provided at all unless you provide written consent or the disclosure is otherwise authorized by federal or state law. Please see choices A and B of the Limited Opt-Out Options on page 11 for more information.

Your selection is for the 2022-23 school year and applies only to the 2022-23 school year. If, however, your child graduates or withdraws from FCPS, FCPS will continue to honor the last opt-out selection you made while your child attended FCPS unless you notify FCPS that your choice is rescinded.

Your options to limit all or some disclosures of directory information are explained below. Please note that if you want your child to be included in the school yearbook or graduation program, **DO NOT choose the Comprehensive Opt-Out Option.** Your selection of any of the Limited Opt-Out Options will not affect your child's inclusion in the school yearbook or graduation program; it will only limit the specific disclosures described.

Directory Information Opt-Out Options (Comprehensive and Limited)

1. **Comprehensive Opt-Out Option:** Withhold all directory information about your child. This means that FCPS will not provide the information items defined as directory information to any requester outside FCPS (including school-related organizations, such as PTAs and booster organizations, state and county agencies, and outside organizations) unless the disclosure is otherwise allowed by federal or state law. This also means that information directly related to or featuring your child will be excluded from school publications available to the public, **including school yearbooks, graduation programs**, award lists, photographs, and video productions. Please note that by choosing the Comprehensive Opt-Out Option, you are opting out of the disclosures described in choices A, B, C, and D of the Limited Opt-Out Options, as well as the Objection to Release of Information for Outside Organizations.

2. **Limited Opt-Out Options:** The information items defined as directory information may be provided to requesters outside FCPS and may be included in school publications available to the public, including school yearbooks, award lists, photographs, and video productions. Please note that this also means that the directory information items identified as "for limited use (parent email address and student ID) may be disclosed to the organizations identified in choices A and B below. If you do not want these organizations to receive these additional items of directory information, please select choice A or B, or both. Choice C allows you to exclude information directly related to your child from photographic productions and other types of FCPS-sponsored publicity.

- **Choice A.** FCPS may provide parent e-mail address(es) to PTAs, booster organizations, and other school-related organizations. Typically, those organizations use such information to publish student directories (either electronic or paper) and to contact your family about school-related activities. You will continue to receive e-mail messages from FCPS and your child’s school through the e-Notify system. **Check choice A if you do not want your e-mail address(es) to be provided to school-related organizations.**
- **Choice B.** FCPS may provide information about parent e-mail address(es) to state and county agencies if FCPS determines that such information will help provide services to students or the school community. **Check choice B if you do not want state and county agencies to receive this type of directory information about your child.**
- **Choice C.** FCPS produces and participates in television, video and audio recordings, websites, social media (such as Facebook), and still photograph productions that may use your child’s name, likeness, or voice. Such productions may be sold or used for educational purposes and may be copyrighted, edited, and distributed by FCPS. **Check choice C if you do not want your child’s image, name, or voice featured in such productions. (The selection of choice C will not exclude your child from the school yearbook.)**

Please note that the Comprehensive Opt-Out Option and choice C apply to limiting FCPS disclosure of photos and videos featuring your child that are maintained by FCPS. FCPS does not control the disclosure or use of photographs or video taken by participants at events that are open to parents, community members, and/or the media. These activities and events include, but are not limited to, school performances, graduation and awards ceremonies, class parties, and athletic events. To the extent that FCPS controls media access during school hours, it will deny the media access to photograph, video record, or broadcast likenesses of any student whose parents have selected the Comprehensive Opt-Out Option or choice C.

Regardless of whether you select the Comprehensive Opt-Out Option or choice C, your child may be photographed or video recorded by FCPS staff members or by vendors working for FCPS for use within FCPS for FCPS education-related activities, including but not limited to, student identification pictures or video recordings of classroom activity used for teacher training or student evaluation purposes. If you have opted out, however, any photograph or video recording featuring your child that is maintained by FCPS will not be released to anyone who is not an FCPS school official unless you have provided written consent or the release is otherwise authorized by federal or state law.

- **Choice D.** FCPS applications may use a student ID as the username/logon ID for student access. These applications may also provide directories of individual usernames that are available to other student and staff users of those applications. **Check choice D if you do not want your child’s username (student ID) listed in such directories within FCPS applications.** (The selection of choice D will not exclude your child from accessing these applications with their student ID/username.)

- **Choice E.** The Library Equity Access Pass, or LEAP project, supports literacy growth and community connection to the public library. By virtue of being enrolled in FCPS, a student may go to the public library, provide his or her name, and check out books and media from the library, and this special account does not accrue late fees or bills. Checkout is limited to no more than three items at a time from the library. Students who require more than three items at a time or to access digital resources from the library must use a standard library account.

FCPS establishes LEAP accounts by sending students' first and last name and student ID number via electronic transfer to Fairfax County Public Library. This transfer will be done, and data privacy will be upheld in compliance with FERPA and COPPA legislation. No student data will be shared beyond name and ID number and this data will be held confidential by Fairfax County Public Library (FCPL).

A request to opt out of the LEAP program will remain in effect for the school year unless the opt-out request is rescinded by a student's parent or guardian in writing. **The opt-out is for the current school year only.** Parents or guardians need to submit the request annually.

If you have questions, please contact Library Information Services at LIS@fcps.edu. A request to opt out of the LEAP program will remain in effect for the school year, unless the opt-out request is rescinded by his or her parent in writing.

School Counseling

School counseling programs are provided in Fairfax County Public Schools (FCPS) in compliance with the regulations of the Virginia Board of Education and Fairfax County School Board policy. The school counseling program is part of the comprehensive education provided to all students through activities that focus on teaching positive approaches to school and lifelong learning and the knowledge and skills for life and employment. It includes:

- **Academic counseling**, which helps students and their parents or guardians to acquire knowledge of the curriculum choices and testing and choose appropriate courses leading to graduation and a transition to college, career, and other educational opportunities.
- **Career counseling**, which helps students to acquire information and skills in order to plan for work, jobs, apprenticeships, and postsecondary educational and career opportunities. The school counseling program also helps students develop an understanding of themselves and of the rights and needs of others; learn to resolve conflicts; and set individual goals reflecting their interests, abilities, and aptitudes.
- **Social or emotional counseling** may be provided in large groups (e.g., a classroom lesson) in which general issues of social development are addressed or in structured individual or small-group multisession counseling that focuses on the specific concerns of the participant(s). Parents or guardians will receive written notification of short-term social or emotional counseling of a small group nature. Parental or guardian consent

is not required for short-term social or emotional counseling and/or crisis intervention that is needed to maintain order, discipline, or a productive learning environment.

You may excuse your child from academic, career, or social or emotional counseling at any time by completing the opt-out form on page 13. An opt-out request will remain in effect from the day it is received by the school throughout the student's K-12 career in FCPS unless the opt-out request is rescinded by the parents or guardians in writing. A parent or guardian who opts to have their child excused from academic or career counseling shall have sole responsibility to ensure that all academic and graduation requirements are fulfilled.

Parents or guardians may review materials to be used in school counseling programs at their children's school by contacting the school counselor. Information can also be found on the FCPS website at <http://www.fcps.edu>.

Access to Tutor.com and SEL Screener Participation

Tutor.com: Students have unlimited access to 24/7, on-demand, online tutoring support services through Tutor.com at no cost to families. Students can connect online any time, any place, and in most K-12 subjects for however long they need. Tutoring may be on-demand and/or scheduled at a time convenient for the student and/or family.

Tutoring is focused instruction provided to students in a one-on-one format (voice and/or text chat). Tutors will focus on developing student's strengths and capabilities in reading, mathematics, or other specified subjects. Tutoring services may be accessed before, during or after school hours and/or weekends.

Students automatically have access to the Tutor.com tutoring service through a link in Schoology unless a parent/guardian submits an opt-out request. For more information related to Tutor.com, please visit its FCPS page at <https://www.fcps.edu/resources/online-tutoring-services>.

Social and Emotional Learning Screening: The SEL Screener provides information about a student's skills and experiences related to social and emotional learning. The Collaborative for Academic, Social, and Emotional Learning (CASEL), defines social and emotional learning (referred to as SEL) as "how children and adults learn to understand and manage emotions, set goals, show empathy for others, establish positive relationships, and make responsible decisions." FCPS schools use a screening assessment to measure these social-emotional learning skills.

Students in grades K-2 will be screened in the winter and spring. In these grade levels, teachers will complete a survey on their observations of students' skills and experiences. Students in grades 3-12 will be screened in the fall, winter, and spring. In these grade levels, students will reflect and report on their own skills and experiences. Screener data will only be accessible to teachers, administrators, and staff with legitimate educational interests. Results will be maintained in secure files and databases accessible only to these individuals. Screener results will be used with other data to inform practices for SEL skill development and mental wellness. Screener data will also help staff plan interventions for students with identified needs. Parents and guardians will receive an individualized report regarding their student's screener results following each assessment window. School staff will be available to discuss results with families on planned support.

You can opt out your child from participating in the SEL Screener. More information about the SEL Screener can be found at <https://www.fcps.edu/student-tests-and-assessments/student-assessment-details/social-emotional-screener>.

Complaints

If you have a complaint regarding any of the above rights, you may contact the school principal, following the complaint procedure in the Student Rights and Responsibilities booklet (the current version of Regulation 2601). If you have a complaint regarding the treatment of your child's education records, you may contact the office of the regional assistant superintendent responsible for your child's school. In addition, if you believe that your rights in regard to surveys, educational materials, use of information by outside organizations, physical examinations, inspection or amendment of student records, directory information, or privacy of student records have been violated, you may file a complaint with the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue SW, Washington, DC 20202-4605.

School Board Policies, Regulations, and Commonly Used Forms

How to Access Policies and Regulations: All School Board policies and regulations, including the Student Rights and Responsibilities booklet, are available on the FCPS website. To locate them, go to www.fcps.edu and search for Policies and Regulations. Policies and regulations are organized by number and alphabetically by title. If you do not have Internet access and would like a print copy of any policy or regulation, please ask your child's school principal.

Additional Information and Forms: If you want to inspect any of the materials described in this notice, please contact your child's school principal. For more information about the forms, contact your child's school. If you need more than one form, photocopy the form, or go to www.fcps.edu, and search for Opt-Out Booklets.

Objection to Release of Directory Information to the Public (details p. 6)

Student's Name: _____

School Name: _____

Grades K-8

You have the right to choose whether your student's directory information is released or not. If you want to limit the disclosure of directory information about your child, please check the appropriate choice(s) below and **return this form to the school office or your child's teacher by the second week of school. This selection is for the 2022-23 school year and applies only to the 2022-2023 school year.** If, however, your child graduates or withdraws from FCPS, FCPS will continue to honor the last opt-out selection you made while your child attended FCPS unless you notify FCPS that your choice is rescinded.

_____ **Comprehensive Opt-Out Option: Do not release any directory information about my child.** I understand this means that information about and photographs featuring my child will be **excluded** from school documents that typically are made public, such as **yearbooks, graduation programs, honor roll and other recognition lists, sports activities, and theatrical programs.** It also means that directory information about my child will not be released to school-related organizations, such as PTAs and booster organizations, to state and county agencies, or to outside organizations unless I provide written consent or the disclosure is otherwise authorized by federal or state law. In addition, my child will not be featured in any television, video or audio recording, broadcast, website, social media, or still photograph production produced by and available to the public from FCPS or (to the extent that access is within FCPS control during school hours) the media. Student names and IDs may appear in virtual classroom sessions and recordings during distance learning classes, as well as student images if cameras at home have been turned on.

By choosing the option above, you have automatically selected all four choices below. You do not need to proceed to the limited opt-out options section.

Limited Opt-Out Options: You **may release** directory information about my student, **except** (check any or all below):

_____ Choice A. You **may not** provide parent e-mail address(es) to PTAs, booster organizations, and other school-related organizations. I will continue to receive e-mail messages from FCPS and my child's school through the e-Notify system.

_____ Choice B. You **may not** provide information about parent e-mail address(es) to state and county agencies.

_____ Choice C. You **may not** feature my child's name, likeness, or voice in any television, video or audio recording, broadcast, website, social media, or still photograph production that will be produced by and available to the public from FCPS or (to the extent that access is within FCPS control during school hours) the media. (**This choice does not exclude your child from the yearbook.**)

(-continued-)

_____ Choice D. You **may not** list my child's FCPS student ID in any application directory that is available to other students within FCPS. (This choice does not exclude your child from being required to log into essential instructional applications using his or her FCPS student ID or to participate in online class projects with members of his or her own class.)

_____ Choice E. You **may not** provide my child's first and last name and student ID number via electronic transfer to Fairfax County Public Library for purposes of the Library Equity Access Pass (LEAP).

Please note that, in certain situations, federal and state law may permit or require the disclosure of the information listed above to authorized persons or entities even if you have opted out of its disclosure as directory information.

STOP! Do not sign below unless you have read and understand the choices above.

SEL Screener Opt-Out Form (for details see page 11)

Complete and return this form (to the school office or your child’s teacher by the second week of school) only if you **DO NOT** want your child to participate in the SEL Screener.

Please note that this opt out relates only to participation in the screener.

For students that **are opted out of the screener**, the only data shared with Panorama Education is the student’s name, student ID, school, and grade level. This allows Panorama Education to confirm that all students who are opted out of the screener are removed from their distribution list and do not receive a link to the screener.

I request that my child _____, in grade _____, **NOT** participate in the SEL Screener.

I understand that I have the ability to change this opt-out status at any time, via SIS ParentVUE or by submitting a request to the school.
