

## Leave of Absence (LOA) Certification of Health Care Provider for Family Member's Serious Health Condition

The leave of absence (LOA) program provides an employee the option to request a designated LOA for family illness for the care of child, parent, or spouse who is physically or mentally ill. In order to be considered for this leave to care for a family member with a serious health condition the employee must submit a medical certification issued by the family member's health care provider. The employee must provide the medical certification required to support the LOA application within 7 days of submitting the application for leave. If the employee fails to provide complete and sufficient medical certification, the LOA leave request may be denied. Completed forms should be sent via email to DisabilityandLeaves@fcps.edu or via fax 571-423-5013. More information about unpaid leave of absences may be found on the FCPS website (www.fcps.edu, search "LOA").
