Justice High School Renovation Summary

<https://www.fcps.edu/justice-high-capital-project>

An addition is to be constructed at Justice High School project to accommodate increasing enrollment. The building has a program capacity utilization percentage of 110 percent in SY 2021-22, indicating a moderate capacity deficit. The completed project will provide approximately 47,000 SF and including a new science room, site improvements and parking. The project was funded by the 2017 and 2019 bonds.

Justice High School

3301 Peace Valley Ln, Falls Church, VA 22044

PROJECT TIMELINE

Proffer Statement

(July 28, 2022)

The proffer statement issued by the Fairfax County Department of Planning and Development Zoning Evaluation Division includes the following:

Justice High School Pyramid Community Working Group. Upon approval of this rezoning application, the Applicant will work with Justice High School administrators, and other County staff, and elected officials to convene a Working Group consisting of various stakeholders to address outstanding or ongoing parking and transportation needs. Stakeholders may include, but not be limited to faculty, staff, students, student-led groups, and community associations. For a period of at least two (2) years following the approval of this rezoning, the Working Group will meet to consider and address a broad range of options including the following:

- A. Student transportation survey;
- B. School faculty and staff transportation survey;
- C. Counseling for students on transportation needs and options;
- D. Additional parking options; and
- E. Green Transportation alternatives such as Bikeshare, scooters and carpools.
