What is this report?

This report provides information on your child's performance on the Integrated Reading and Writing test component of the Reading Standards of Learning (SOL) test. This test component addresses reading and writing content and skills. Students were given a nonfiction passage and six multiple-choice or technology-enhanced questions and were asked to write about the nonfiction passage. Your child's performance on the test questions and writing, combined with teacher input, classroom work, report cards, and other assessment information, gives a more complete picture of student progress. You can use these results to help identify where your child is doing well and where additional support may be needed.

The item descriptor and SOL measured for each test question presented to the student during this test are shown below.

- ✓ Student answered item correctly.
- ✗ Student answered item incorrectly or did not provide a response.

Demonstrate comprehension of nonfiction texts and use word analysis strategies
